

Michigan Department of Community Health

Supplemental Bulletin List

The following is a list of Medicaid policy bulletins that supplement the *January 2004* electronic Medicaid Provider Manual. The list will be updated as additional policy bulletins are issued.

Providers affected by a bulletin should retain it until it is incorporated into the quarterly update of the online version of the manual unless instructed otherwise. Providers utilizing the CD version of the manual should retain bulletins until the next CD version is issued.

NOTE: The list does not include bulletins specific to Nursing Facilities or School Based Services Administrative Outreach. These providers should retain ALL of their previously issued provider-specific bulletins currently in effect until their chapters are added to the electronic manual. Bulletins for these providers are available under the [Medicaid Policy Bulletins](#) portion of this website.
